We are pleased to present [the latest issue of Solaris Customer Magazine in its digital version](#). Meeting the trends and matching readers' preferences, this format has been adapted to mobile devices with interactive contents and hyperlinks to the video materials.

In this edition we cover trends in modern public transport (Good morning, is that the future?), we are looking at how fast hydrogen technology is progressing (Hydrogen acceleration) and we talk to MOHAMED MEZGHANI, UITP SECRETARY GENERAL, about challenges related to the pandemic and its impact on the industry (Cities of the future are cities for people).

We wish you a pleasant reading and many new inspirations!

* Solaris Customer Magazine in its traditional paper form was distributed according to the subscribers list.

About our company

Solaris Bus & Coach sp. z o.o. is a leading producer of city and intercity buses in Europe. It focuses on the development of low-emission and zero-emission vehicles, i. e. electric and hydrogen buses as well as trolleybuses. Over 25,000 Solaris vehicles have been delivered so far and they ply the streets in 850 towns and cities across 33 countries located throughout Europe as well as beyond it. Solaris is part of the Spanish CAF Group (Construcciones y Auxiliar de Ferrocarriles) S.A. From conception, to the design and manufacturing phases, all Solaris buses are produced in Poland. All activities undertaken by the company are in line with its mission, which is reflected in the brand's promise: to change the image of public transport. Solaris also actively partners with public transport operators and provides them with comprehensive support in their transition to zero-emission mobility. Solaris products have been repeatedly awarded for quality and innovation. The Urbino 18 hydrogen bus has won the prestigious 'Bus of the Year 2025' title.
