

PRESS RELEASE

Solaris Sales Teams in Four More Countries

Bolechowo, 21.12.2011

Solaris expands its presence in Europe with sales teams in four further countries. The innovative bus and tram builder now directly serves customers in the Benelux countries and in Slovakia.

In Belgium and Luxembourg, Solaris is represented by Bus & Coach Trading SA. Managing Director Pascal Debaille is an experienced bus industry professional who spent many years selling buses and coaches for a major European brand in both countries.

Solaris's agent in the Netherlands is MTC Groep BV, a provider of services to Dutch public transport fleet operators that now broadens its portfolio by working with Solaris. At MTC, Hüseyin Taskent and Nelson Gutierrez will sell Solaris vehicles.

Małgorzata Olszewska, Director Global Sales & Marketing at Solaris Bus & Coach, comments: *"The Benelux countries have specific requirements for public transport vehicles. Thanks to our comprehensive offer and proven expertise in meeting local demands and standards, Solaris buses will soon be seen in these countries."*

In Slovakia, Solaris has already supplied fleets in cities such as Bratislava and Košice, but customers were served from the Czech Republic. The growing success in the Slovakian market is now underscored with the opening of a local sales subsidiary, Solaris Slovakia s.r.o. It is managed by Lubomír Melichar, whose previous experience in the bus industry includes work for Košice City Transport, where he ran Solaris low-floor city buses.

About our company

Solaris Bus & Coach sp. z o.o. is a leading producer of city and intercity buses in Europe. It focuses on the development of low-emission and zero-emission vehicles, i. e. electric and hydrogen buses as well as trolleybuses. Over 25,000 Solaris vehicles have been delivered so far and they ply the streets in 850 towns and cities across 33 countries located throughout Europe as well as beyond it. Solaris is part of the Spanish CAF Group (Construcciones y Auxiliar de Ferrocarriles) S.A. From conception, to the design and manufacturing phases, all Solaris buses are produced in Poland. All activities undertaken by the company are in line with its mission, which is reflected in the brand's promise: to change the image of public transport. Solaris also actively partners with public transport operators and provides them with comprehensive support in their transition to zero-emission mobility. Solaris products have been repeatedly awarded for quality and innovation. The Urbino 18 hydrogen bus has won the prestigious 'Bus of the Year 2025' title.
